

OMARSILVA

Architectural Designer | M. Arch | Miami Florida | omar@odsdraftingoffice.com

ABOUT

Founder of ODS | Drafting Office and an architectural designer with over 15 years of drafting experience. I partner with architects and builders to turn design ideas into clear, coordinated drawing sets—from existing conditions and schematic options through permit and construction documents. With a Master of Architecture from Florida International University, I bring both design thinking and careful production to each project.
